BRIDGE INTERNATIONAL ACADEMY
MY EXPERIENCE IN A-LOT CHANGE PROJECT

First and foremost this tuition hard become began in 2016. And it only took 2 hours of learning. In this tuition we always learn 4 subject and that is math, leadership, literacy and English and what I always learn there always hear me during my examination. In math we always taught the area, circumference, construction and many others.

When we come to leadership there is way; it became more interesting to learn because our teacher always taught us about how to be a good leader, how a good leader can be helpful and many others.

Now during literacy we are always taught about how to arrange paragraph, taught of conjunction and how to write a good communication. The thing
